The Patient Care Coordinator will provide easy access to prompt treatment within the Mount Kisco Medical Group. The Patient Care Coordinator will pave the way for patients and families to access the necessary information from the professional team, and make the journey less fearful and more understandable.

The Patient Care Coordinator will:

- Provide one-on-one contact with the patient
- Successfully guide the patient through all modalities
- Be the liaison between the health care team and the patient
- Be a proactive representative to help patients and families
- Provide on-site support to help patients move forward and beyond an illness
- Remain with the patient throughout diagnosis and treatment
- Facilitate support groups for patients

Our Patient Care Coordinator is also a Breast Center Team member. www.mkmgbreastcenter.com

For more information, contact Doreen Semel, MS Mount Kisco Medical Group Patient Care Coordinator at 914-242-2666 or visit www.mkmg.com

The MKMG Patient Care Coordinator can help the patient through virtually any of its departments & services...
