

Sign up for Virtual Visits!

You can now use your computer, tablet or smartphone to “meet” with your doctor online after your surgery, using the **Virtual Visits**, a technologically advanced, secure and convenient video system that replicates an in-person visit; it’s free and registration only takes a few minutes to complete. You will see and speak with your provider live from wherever you choose. It can save you time; there is no travel or parking involved. If you would like to book some or all of your **post-op appointments** using **Virtual Visits**, please let your scheduler know. After the visits are booked, you can join your visit following three simple steps:

1. Download the app:

To use your **phone or tablet**: download the **CareMount 24/7** mobile app from Google Play or the App Store.

To use your **computer** go to <https://www.caremount247.com> Select **Virtual Visits**. Your computer must have internet camera or webcam, and speakers to make this work.

2. Create your Account:

- Follow the prompts to setup your profile. Your information is stored securely for all future visits.

3. Join your visit:

- Log into your CareMount 24/7 account **at least** ten minutes before your scheduled visit .
- Select **MY VISITS**.
- Review questions.
- Your doctor will join you at the time of your visit.

For assistance setting up your account or for any problems with the app or website, call toll free 1-855-549-2214.
